DETAILED ACTION

Status of claims

1. This is in response to applicant's argument filed January 18, 2006, in which claims 2 has been deleted and claims 1, 3-36 are pending.

After further search and thorough examination of the present application and in view of applicant argument , claims 1, 3-36 are found to be in condition for allowance.

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance: the prior art does not teach the features of : a second feedback circuitry, the second feedback circuitry being responsive to the output signal of the voltage-controlled oscillator circuitry, the second feedback circuitry configured to provide the second control signal to the voltage-controlled oscillator circuitry, wherein the first control signal coarsely adjusts the frequency of the output signal of the voltage-controlled oscillator circuitry to a desired frequency, and wherein the second control signal fine tunes the frequency of the output signal of the voltage-controlled oscillator circuit to the desired frequency, see applicant argument page 4-8 dated January 18, 2006.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tilahun B Gesesse whose telephone number is 571-272-7879. The examiner can normally be reached on flexible schedule.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Edward Urban can be reached on 571-272-7899.

The Central FAX Number is 571-273-8300. For patent related correspondence, hand carry deliveries must be made to the Customer Service Window (now located at the Randolph Building, 401 Dulany Street, Alexandria, VA 22314), and facsimile transmissions must be sent to the Central FAX number, unless an exception applies.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system.
